

Friends of Arlington's Great Meadows Annual Report for 2015

This report recaps the accomplishments of the Friends of Arlington's Great Meadows (FoAGM) in 2015 and an update of happenings during the year. We wish to thank everyone who has helped in one way or another with these efforts.

Stewardship Activities

Maintenance and Outreach

This year the ACROSS Lexington program extended into East Lexington and included parts of AGM in its path system. There are two loop trails C & D which are well marked and extend to the Whipple Hill Conservation land and the Arlington Reservoir.

FoAGM sponsored two nature walks, one in the spring led by Meg Muckenhaupt and one in the fall led by Don Miller. In addition we had a "Walk All Around AGM" event in the late fall led by David White.

We also continued with regular maintenance including replacing broken and rotting boardwalk treads.

Mowing of upland meadows

Four years ago, we undertook a project to restore the upland "entry meadow" at the northwest corner of AGM, which had been rapidly reverting to woodland, to its historical open condition.

In the fall of 2010, with the assistance of a large group of volunteers, we cleared the area of trees and dense shrubbery. In the spring of 2011, we planted a mix of native wildflowers in the southwestern corner of the meadow. Since that time, with the help of volunteers, we have worked to control invasives and the re-growth of woody vegetation by hand trimming.

To maintain this lovely meadow, we continued this year with the mowing program. The work was done in the early fall to avoid interference with nesting birds and to minimize the impact on wildflowers.

Invasive plant control

We continue our efforts to clear and maintain an approximately 100-yard stretch of AGM along the Minutemen Bikeway that had become densely overgrown with the invasive plant Japanese Knotweed. Permanent eradication of this invasive is extremely difficult, particularly without the use of herbicides. However, over the last ten years, with volunteer labor and purely mechanical means, we have succeeded in keeping this area mostly knotweed-free, preserving a stunning view of the Meadows from the bikeway.

Financial

Donations and expenses for AGM in 2015 were about the same as 2014. Income exceeded expenses and we continue to hold healthy cash balances. All of our income was from the generosity of individual donors and private foundations, and was not dependent on municipal budgets, corporate funding, or fundraising events. FoAGM also continues its successful partnership with the Arlington Land Trust (ALT) as fiscal agent.

Summary of activity in FoAGM's fund balances as of the end of 2015:

2015 Income

\$ 1420.00 in 19 donations

2015 Expenses

\$ 400.00 Meadow mowing

\$ 183.41 Printing and reproduction

\$ 583.41 Total Expenses

Fund Balance as of December 31, 2015

\$ 13,920.98 FoAGM fund balance at beginning of the year

+\$ 836.59 Net change

\$ 14,757.57 FoAGM fund balance at year-end

We thank our new and trustworthy regular donors who have contributed to the preservation of one of the largest natural open spaces in the Arlington/Lexington region. Those wishing to make a tax-deductible donation can make a check out to "ALT FoAGM Fund" and mail it to FoAGM, Box 492, Arlington, MA 02476, or use a credit card online at www.networkforgood.org (Enter "arlington land" in the search field and select state of MA. Select Arlington Land Trust and enter "FoAGM" as a designation.)
